

# MUHAMMAD TAZEEM SAJID

Data Analyst | Business Analyst | BI & Reporting Analyst

Lahore, Pakistan +92-305-5792780 tazeemsajid22@gmail.com LinkedIn GitHub Portfolio

## SUMMARY

Results-driven Data & Business Analyst with hands-on experience across 3 internships, transforming large-scale datasets into actionable intelligence. Expert in end-to-end ETL pipeline development, advanced SQL analysis, and executive-level Power BI and Looker Studio dashboards. Delivered measurable business outcomes: reduced enrollment cost per lead by 12% and uncovered \$36.7M in supply chain sales patterns. Proficient in Python, PostgreSQL, DAX, and data modeling, seeking Data Analyst, BI Analyst, MIS Executive, or Reporting Analyst roles.

## SKILLS

### Databases

PostgreSQL MySQL Star Schema Data Warehouse Design

### BI & Reporting

Power BI DAX Data Modeling Google Looker Studio Microsoft Excel Pivot Tables Charts VLOOKUP

### Analytics

ETL Pipeline Design Data Cleaning EDA KPI Development Dashboard & Report Design Business Analysis  
Data Analysis

### Libraries

Pandas NumPy Matplotlib Seaborn Scikit-learn

## EXPERIENCE

08/2025 - 10/2025

Remote

### Data Science & Analytics Intern

#### Developer Hub Corporation

- Developed ML models for marketing sentiment analysis and energy demand forecasting using Python and Scikit-learn, improving predictive accuracy for business decision-making
- Standardized and cleaned 50,000+ records across multiple datasets, reducing data inconsistencies by improving downstream model reliability
- Designed KPI dashboards in Power BI to visualize real-time business trends, enabling data-driven decisions across marketing and operations teams

09/2025 - 10/2025

Remote

### Data Analyst Intern

#### Saint Louis University - Excelerate

- Integrated and analyzed 6 datasets (Learner Opportunity, User Data, Cohort) into a unified reporting layer, enabling cross-functional performance tracking
- Built validation frameworks and automated dashboards tracking campaign engagement and enrollment effectiveness across 23 active campaigns
- Defined and documented KPIs for marketing and education performance measurement, improving stakeholder reporting clarity

06/2025 - 08/2025

Remote

### Associate Data Analyst Intern

#### Saint Louis University - Excelerate

- Queried and analyzed 45,000+ student records in PostgreSQL to surface enrollment patterns, identifying top-performing outreach channels
- Built Looker Studio dashboards mapping the full enrollment funnel (outreach to conversion), providing real-time visibility to leadership
- Delivered weekly data-driven insights that optimized campaign targeting and reduced cost per enrollment by 12%

## PROJECTS

---

### Supply Chain Analytics & Performance Optimization

- Engineered an end-to-end ETL pipeline processing 180,000+ supply chain records using Python & Pandas, loading into a PostgreSQL star schema (1 fact + 4-dimension tables)
- Wrote 15+ advanced SQL queries using CTEs, window functions, RANK, and DENSE\_RANK, exposing a 57.3% order delay rate and 100% late delivery for First Class shipping
- Analyzed \$36.7M in global sales across 5 markets (Europe top at \$10.8M; Fan Shop most profitable at \$1.83M), directly informing restructuring recommendations
- Delivered a 5-page executive Power BI dashboard and Excel business report with 5 pivot tables for C-level consumption

### Retail Sales & Profit Performance Analysis

- Processed 51,290 rows of global retail data across 147 countries using Python ETL and advanced PostgreSQL queries for category, region, and product-level analysis
- Built a 4-page interactive Power BI dashboard revealing that 22% of orders are unprofitable due to excessive discounting, informing pricing strategy

### Outreach & Applicant Insights Dashboard

- Cleaned and integrated 37,000+ outreach records across 3 datasets for SLU enrollment campaigns, achieving a unified and analysis-ready data layer
- Built a Looker Studio dashboard tracking 26,155 contacts across 23 campaigns, surfacing a 20.87% response rate and channel-level ROI for campaign managers

## EDUCATION

---

2019 - 2024

● **BS Software Engineering**

**University of Management and Technology (UMT), Lahore**

- **Relevant Coursework:** Data Structures, Database Systems, Business Ethics, Data science, Statistics, Software Project Management

## TRAINING/COURSES

---

Jul – Aug 2025

● **Data Analysis Course**

**Zynex Solutions**

## CERTIFICATIONS

---

**Professional Data Analyst**

DataCamp

**Data Analysis Essentials**

Microsoft

**Data Visualization (Tableau)**

Great Learning Academy

**Associate Data Analyst**

DataCamp

**Certified Data Analyst**

Micro1

**EDA with Excel**

Great Learning Academy
